G. K.

We enclose herewith three copies of priced spare parts lists for the 70MM processor and 70MM printer.

Summarized, these costs are as follows:

<u>Item</u>	<u>Type of Spares</u>	<u>Cost per Machine</u>	<u>Cost for 5 Machines</u>
Printer	30 day	228.98	1144.90
Printer	2 year	229.32	1146.60
Processor	30 day	1115.21	5576.05

Processor	2 year	<u>296.74</u>	<u>1483.70</u>
	Total	2183.88	10919.40

We consider that the 30 day list for the printer is sufficient for the 180 day requirement also and are not furnishing the latter.

Originally we planned to withhold purchase of the 2 year spare parts until this list was submitted. We are now proceeding to obtain these.
